PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

The services and equipment being procured by this Contract No. FH-7322
Amendment No. 11 are in furtherance of the EARNING

Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

This amendment is written to incorporate work associated with Spares Management.

The Spares Management task had been proposed during 1966 and turned down by the negotiator as a possible duplication of work then under contract. Many subsequent conversations were held on the subject without resolution. The contractor was invited to present his claim (Attach "A") to the Deputy Chief/CMD and, based on the presentation, it was adjudged that the proposal (Attach. "B") had some merit and that about 50% of the effort was new scope. Thus, the contractor was offered [] in Cost and [] fee. This was accepted.

Attachments are filed with Amendment No. 10 of Cont. FH-7321.
